11/17/2016 - Cooking with CQL: or How to Incorporate CQL into HQMF for eCQMs Qs&As – SESSION 9

Measure Representation

Q. Does union return a unique code for both diagnosis of asthma and other illness?

A. Yes, in the new version of CQL 1.2, distinctions will not be necessary because duplicates will be automatically eliminated.

Q. Is measure 72, which defines exceptions for antithrombotic therapy, an example that could be simplified in logic to reference an episode of care?

A. Yes, it could reference an episode of care where the exclusions were associated with any encounter in that episode of care.

General Clinical Quality Language

Q. Will comments be included for reference when Bryn posts updated measure examples to the WIKI?

A. Yes, the comments will be included in the updated examples.
